

NON-INSTRUCTIONAL OPERATIONS

Service Animals

The District will permit the use of service animals by an individual with a disability according to federal regulations. The work or tasks performed by a service animal must be directly related to the handler’s disability. Examples of work or tasks include, but are not limited to:

- Assisting individuals who are blind or have low vision with navigation and other tasks;
- Alerting individuals who are deaf or hard of hearing to the presence of people or sounds;
- Providing nonviolent protection or rescue work;
- Pulling a wheelchair;
- Assisting an individual during a seizure;
- Alerting individuals to the presence of allergens;
- Retrieving items such as medicine or the telephone;
- Providing physical support and assistance with balance and stability to individuals with mobility disabilities; and
- Helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal’s presence and the provision of emotional support, wellbeing, comfort or companionship do not constitute work or tasks for the purposes of this definition.

The District may ask an individual with a disability to remove a service animal from the premises if:

- The animal is out of control and the animal’s handler does not take effective action to control it;
or
- The animal is not housebroken.

The District is not responsible for the care or supervision of the service animal.

Individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of the District’s facilities where members of the public, participants in services, programs or activities or invitees, as relevant, are allowed to go.
